```
commit d60f6efd7f70efba1ccd007d55b1fa740fb98c76
1.
          Author: Dan Prince <email address hidden>
          Date: Mon Jan 14 12:26:36 2013 -0500
               Name the security group rules. direction enum.
               Updates to the SecurityGroupRule model and migration so that we
5.
               explicitly name the security group rules. direction enum. This fixes
6.
               'Postgresql ENUM type requires a name.' errors.
8.
9.
               Fixes LP Bug #1099267.
10.
          Change-Id: Ia46fe8d4b0793caaabbfc71b7fa5f0cbb8c6d24b
